

# Holistic Veterinary Healing is Collecting Donations for BARKING HOLLER

Barking Holler Animal Sanctuary Inc. in Dickerson, Maryland, is a haven for many farm animals that need rescue and rehabilitation; it was established in 2003. As a 501.3(c) organization they operate on donations of money, resources, and time.

All animals are given the highest quality care including around the clock care when needed. Many of the dogs are put up for adoption when they become well enough. However, because of medical issues, some dogs permanently call Barking Holler home.

There is a clinic and an ICU on site and local veterinarians donate their time to care for our sick and injured.

Barking Holler is home to 40 cats, 21 dogs, 17 goats, 5 pigs, 27 chickens and roosters, 4 horses, and various wild animals.

For Barking Holler to continue servicing this population we need your help. Throughout the month of December 2017, please consider donating items from the wish list at Holistic Veterinary Healing - 12627 Wisteria Drive, Suite C & D, Germantown, MD 20874 (for directions call 240-715-6570). HVH will deliver them to us by the end of the year.

Thank you for your generosity,

*Rudy Edalati*  
President
