Handling Reactive Dogs with Lisa Arant

Does your dog bark, pull on the leash and/or lunge at people or other dogs when you're out on your walks? We know that it can be frustrating and even embarrassing, but remember, they don't like behaving that way either. The reason is generally fear, but can also be due to excitement, or even frustration, because they want to go see the other human or dog.

In this workshop you'll learn tips on how to work with your dog to calm their reactions and teach them to look to you, their wonderful human, for guidance.

Lisa Arant has been training dogs using positive methods for 10 years. Besides working with her own dogs, she teaches Basic Manners classes for both puppies and adult dogs, Confidence Building, Fearful Dog class, and others. Lisa is an AKC certified Canine Good Citizen Evaluator, a member of the Pet Professional Guild, Association of Pet Dog Trainers, Mid Atlantic Association of Professional, and Positive Pet Trainers, and a Family Paws Educator.

Please RSVP, if you would like to attend, so that we can arrange to have a seat for you. Kindly leave your pet at home as this is for human attendance only. Provide us with your name, email address, and telephone number at: info@holisticveterinaryhealing.com or 240-715-6570.
