

## **FREE SUNDAY SEMINAR**

### **December 10, 2017 at 3:00 PM**

#### **Find Out What is Happening with Pet Food Presented by Jacqueline Hill**

Jacqueline Hill will explain raw processing, high pressure pasteurization, bacteriophages, freeze drying, dehydrating, and fermentation and what they have to do with raw food. She will speak about the Pet Food Industry, how we got here and where we are going, what the current state of the pet food industry means for our dogs, whether the regulatory agencies of the state and federal governments are looking out for our pets, and finally, she will tell us how to navigate through all these options.

Jacqueline is the Vice President of Operations and Product Development for Answers Pet Food™.

Please RSVP, if you would like to attend, so that we can arrange to have a seat for you. Kindly leave your pet at home as this is for human attendance only.
